As professionals, all employees will follow the MS Code of Ethics and assume responsibility for one's actions. Professional behaviors include being respectful and displaying appropriate interactions with others. Confidentiality is expected regarding grades and personal student information. Regular attendance and consistently being on time for class is expected. All employees are expected to follow all school rules.

MISSION STATEMENT

The mission of the Jackson County School District is to provide a safe, nurturing environment conducive to quality education wherein all students have the opportunity to obtain the essential skills necessary to achieve the goals of their choice and to become responsible, productive citizens.

DISTRICT GOALS

1. Increase Student Achievement
2. Maintain Sound Financial Management
3. Develop and Improve Facilities and Infrastructure
4. Create a Positive Educational Experience
5. Maintain Positive and Effective Leadership

EMPLOYMENT

The employment of teachers depends upon proper licensure by the Mississippi Department of Education. Each teacher is recommended by the principal for the type of license indicated on his/her application.

A valid copy of each teacher's license must be on file in the Office of Human Resources and Risk Management before the first pay check is issued.

CONTRACTS

A contract shall not be issued to a teacher who does not possess a valid Mississippi Educator's license with the proper endorsement for employment. All contracts shall be based on the issue date of the license. The signature of a teacher on a contract represents good faith on the part of the teacher to fulfill the requirements set forth by the administration and the Board of Education. After a contract is signed any resignation must be approved by the school board.

All certified employees will be evaluated annually according to state and district personnel appraisal instruments using the competencies appropriate for the employee position.

PUBLIC RELATIONS

Our school employees are the best public relations persons for Jackson County School District. The teacher's classroom management, teaching methods, treatment of the children, as well as the school employees or almost anything an employee does or says is carried to the public by the child. Every employee should show a genuine interest in every child in school.

NEWS MEDIA

The Superintendent is the spokesperson for the Jackson County School District. No one should talk to the news media without permission from the Superintendent. (The only exception is for athletic events.)

SUBPOENA REQUESTS INVOLVING STUDENTS

All subpoenas regarding or involving students or student records are to be forwarded to the District Office Assistant Superintendent, who will seek legal advice prior to any actions occurring.

SCHOOL TERM

A school calendar will be available to employees prior to the opening of school.

TEST SECURITY FOR STATE ASSESSMENTS

The Jackson County School District is dedicated to maintaining the integrity and security of the Mississippi State Assessments. As such, in accordance with guidelines set forth by the Mississippi State Department of Education, the District Test Supervisor will develop an annual District Test Security Plan for the approval of the Jackson County School Board. In turn, each School Test Coordinator will develop an annual School Test Security Plan. It is the responsibility of each individual employed by the Jackson County School district to study and implement the provisions set forth by the District Test Security Plan, their School Security Plan, as well as Appendix F of the Mississippi Public Schools Accountability Standards. Any school employees of the Jackson County School District involved in state testing must attend a State Assessment Training per school year.

CELL PHONES

The Jackson County School District believes that the school district was created for the primary purpose of effectively educating the children attending school. The District further believes that to accomplish this mission, it is imperative that classroom instructional time be protected. Therefore, any activity that distracts the teacher from his or her ability to utilize the entire class period for instructional purposes is prohibited. Specifically prohibited is the use of personal cell phones by employees while supervising students or when the use is not related to instruction.

The Districts further prohibits the use of personal text messaging in any form by all employees to individual students. *If a teacher receives a text message from a student he/she should make their building principal aware of this conduct.* School personnel are to use district's approved (by

your supervisor and /or principal) service to communicate with parents and students regarding emergency situations, school events, and other important issues.

Alleged violations of this policy shall be discussed in a conference between the employee and the building principal. If the principal finds the violation(s) to be factual, the principal may issue a written reprimand to the employee(s) involved. This reprimand shall become a part of the employee's personnel file. Repeated violations may result in non-renewal of an employee's contract or dismissal.

Employees should not use cell phones to take inappropriate pictures of students for personal use or forward pictures of students to others.

EXTRA DUTY

All employees will be asked to do extra duty during the school year. This duty will be distributed equally and fairly among the faculty. Employees are expected to perform their duties as assigned.

TEACHER ABSENCE

When a teacher is absent for any reason, he/she should notify the principal at the earliest possible hour – one hour prior to the beginning of school on the day of absence unless an extreme emergency occurs. Teachers are encouraged to handle the discipline of their classes as much as possible, but should never hesitate to take students to the office. Students are not to be sent from the room

with no place to go, nor placed in the hall. If a teacher sends a student to the office, the decision for punishing the student rests with the principal. Teachers shall not prescribe what is to be done after the student has been referred to the principal and in no case should the teacher tell a student that the principal is going to have the student paddled or suspended.

When involved in a confrontational situation with a student(s), the employee should refrain from using physical restraint with the student(s) unless the student(s) is physically assaulting another student and/or employee. Any unauthorized purchases will be the responsibility of the buyer.

Personnel receiving invoices shall verify receipt of merchandise by signing and dating the invoice and packing receipt and promptly submitting it to the Principal's Office so payment can be made in a timely manner. Personnel who fail to submit invoices to the Principal's Office in a timely manner will be responsible for late charges assessed by vendors.

School personnel are responsible for all equipment and materials under their supervision. School property shall be used with care and consideration. School personnel are responsible for reporting any damage to school property or missing equipment to the Principal immediately.

All supplies, materials, equipment, and other property purchased by the school shall remain the property of the school, even those purchased with an EEF card. Equipment purchases must follow district purchasing guidelines. All equipment purchased must remain at the school.

PURCHASE OF EQUIPMENT BY ORGANIZATIONS OR GROUPS

Any technology equipment purchased must have approval of the Technology Director. The equipment, when purchased for school use, will become the property of the school.

STUDENT ACTIVITY FUNDS

The Board of Education of the Jackson County School District authorizes the expenditure of local school activity funds, or other available school district funds, other than minimum education program funds, for any necessary expenses or travel costs incurred by students and their chaperons in attending any in-state or out-of-state school related programs, conventions or seminars and/or any commodities, equipment, travel expenses, purchased services or school supplies which the school board, in its discretion, shall deem beneficial to the official or extracurricular programs of the district, including items which may subsequently become the personal property of students, including yearbooks, athletic apparel, book covers, and trophies.

“Activity funds” shall mean all funds received by school officials paid or collected to participate in any school activity, such activity being part of the school program and partially financed with public funds or supplemented by public funds. The term “activity funds” shall not include any funds raised and/or expended by any organization unless commingled in a bank account with existing activity funds, regardless of whether the funds were raised by school employees or received by school employees during school hours or using school facilities and regardless of whether a school employee exercises influence over the expenditure or disposition of such funds.

Each Attendance Center and Jackson County Technology Center will maintain its own bank account for the receipt and disbursement of activity funds. The account must be approved by the school board and entered into its minutes along with the name of the only persons authorized to sign checks on the account. Accounts must be in financial institutions selected by the school board in accordance with state statutes. A copy of the school activity account will be kept on file in each Attendance Center office and the Jackson County Technology Center Office and available at any time to the teachers, students, or parents.

All activity funds received by a local school must be deposited into its activity fund bank account. The Assistant Superintendent for the Attendance Center/Director of the Technology Center must maintain a permanent three-part receipt book in which to record all receipts. A person remitting activity funds for deposit will be given the original receipt, the second copy will be attached to the transmittal report to the Business Office, and the third copy will be kept in the book and on permanent file in the Assistant Superintendent/Director’s office. All of these pre-numbered receipts must be accounted for. A copy of the deposit slip indicating the amounts of money deposited to the bank must also be attached to the transmittal report. The deposit slip should indicate the sequence of receipt numbers that particular deposit covers. No more than five hundred (\$500.00) shall be maintained in a school building beyond bank closing hours.

Funds raised by any organization (such as PTA, PTO, PTSO or Booster Club) will be separate and not part of the activity fund.

If any organization donates any assets to the school district, the school board must acknowledge in its official minutes who has title to the donated assets.

Pre-numbered tickets shall be used at any event at a local school for which a fee is charged for admission.

Any disbursements of activity funds must be made from the account on pre-numbered checks. The disbursement shall be adequately supported by an invoice or statement. All purchases made with activity funds must comply with the state purchasing laws. Only the Superintendent,

Assistant Superintendent and Director of the Jackson County Technology Center may sign checks on the account. All pre-numbered checks must be accounted for.

Within five working days of the close of the month, the Assistant Superintendent of the Attendance Center/Principal of the Technology Center and Alternative School shall deliver to the district Business Office a transmittal of all activity fund receipts and disbursements during the preceding month. This transmittal form shall contain receipts and disbursements by individual activity. It will list each check by check number, date and purpose and each deposit by date, receipt numbers and source. Upon receipt of the transmittal forms, the Business Office staff shall review them for accuracy and completeness prior to making the entries to the accounting records. The information from the transmittal form will be used to reconcile the monthly bank statements. All school district activity fund transmittal reports shall have an assigned claim number. These reports and bank reconciliations shall be reviewed and approved by the school board. This approval shall be acknowledged in the board's official minutes.

The activity funds account shall be audited annually.

Any activity fund which becomes dormant and inactive may have its surplus, if any, transferred to another activity fund if approval is granted by the school board.

This school board may authorize to conduct, on behalf of the school district, fund-raising activities deemed by the board, in its discretion, to be appropriate or beneficial to the official or extracurricular programs of the district. Any proceeds of such fund-raising activities shall be treated as activity funds and shall be accounted for as are other activity funds. Approval of all fund raising activities must have prior approval of the Principal, Attendance Center Assistant Superintendents, Superintendent and School Board. Club accounts are exempt from this step.

Fund-raising activities conducted or authorized by the board for the sale of school pictures, the rental of caps and gowns or the sale of graduation invitations for which the school board receives a commission, rebate or fee shall contain a disclosure statement advising that a portion of the proceeds shall be contributed to the student activity fund.

Any arrangement between a local school and a company supplying merchandise, such as school pictures, class rings and caps and gowns, shall be by written contract, signed by the Assistant Superintendent and the company's representative, approved by the school board, and on file available for public review in the Assistant Superintendent's office. The contract shall include all provisions of the arrangement including any rebate or commission to the school. Any rebate or commission provision in a contract shall be fully disclosed in the school board minutes and to any prospective purchasers of the merchandise. In cases where the merchandise is purchased by the student directly from the vendor, any such rebate or commission to the school shall be paid by check from the company directly to the school's activity fund. Under no circumstances shall a company or a purchaser make a payment directly to an Assistant Superintendent or Principal.

Purchases made from school activity funds which are financed with privately generated funds that are accounted for in a school district's financial accounting system and are not supplemented in any way with public funds are not required to be made pursuant to the state purchasing laws.

Purchases made for school activities which are totally financed with privately generated funds that are not accounted for in a school district's financial accounting system (e.g., student purchases directly from a vendor) are not required to be made pursuant to state purchasing laws or have prior approval by the school board. (ex. Club accounts)

NOTE: Please also refer to Financial Accounting Manual for Mississippi School District.

Expenses for the following may be made prior to Board approval:

- Athletic officials
- Game guarantees
- ROTC Purchases

Expenses related to travel incurred for scheduled athletic activities (as sanctioned by MHSAA-Mississippi High School Activities Association). Examples of such expenses are: Meals, hotel accommodations, etc.

These reports will be presented as part of the transmittal report on the claim docket.

Exceptions to this policy will be approved by the Superintendent of Education and presented to the Board at the next scheduled board meeting.

The Board of Education of the Jackson County School District may authorize the expenditure of local school activity funds for any necessary commodities, equipment, travel expenses, purchased services or school supplies which the school board, in its discretion, shall deem beneficial to the official or extracurricular programs of the district, including items which may subsequently become the personal property of students, including yearbooks, athletic apparel, book covers, and trophies.

FUND RAISING ACTIVITIES

The school board may authorize to conduct, on behalf of the school district, fund-raising activities deemed by the board, in its discretion, to be appropriate and beneficial to the official or extracurricular programs of the district. Any proceeds of such fund-raising activities shall be treated as activity funds and shall be accounted for, as are other activity funds. All fund raising activities must have prior approval of the Principal, Attendance Center Assistant Superintendent, Superintendent and School Board in accordance with Policy DK.

LENDING EQUIPMENT

The Jackson County School District maintains property records for all Fixed Assets and has custodial responsibility for all such equipment. These Fixed Asset records document the value of all buildings and equipment that costs at least \$500 and all highly walkable items. It may be necessary, from time to time, for school employees to use school equipment away from school (and during non-school hours) in the performance of their job responsibilities.

In such an occasion, appropriate records should be kept documenting the removal of said equipment from school property. Furthermore, use of any school equipment for non-school purposes shall be strictly prohibited. Specifically, use of any school equipment for personal use by employees of the district or loaning of school equipment to others for non-school business shall be strictly prohibited.

BORROWING EQUIPMENT

Borrowing district equipment for personal use is prohibited.

CARE OF ROOMS

Desks are expected to be kept in an orderly arrangement. Ingenuity on the part of the teacher can improve the appearance of the classrooms. Care should be taken to see that each class leaves the classroom in a neat and clean condition. The teacher should carefully check desk tops, tables, etc., for marks and see that paper is off the floor and out of the desks. When the teacher is out, the room lights are to be off and the door is to be locked.

ENERGY

As most employees realize, energy costs have more than doubled in the past few years. In order to maintain a reasonable budget for utilities, please be "energy conscious" in the use of water, lights, air conditioning, and heat.

TOBACCO FREE ENVIRONMENT POLICY

It is the philosophy of the Board of Education of the Jackson County School District that the use of tobacco threatens the physical well-being of students and employees in the environment, is addictive, results in increased maintenance for facilities and grounds, and is not in the best interest of students or employees of the school system. In addition, tobacco use on campus is a violation of federal law. Therefore, it shall be the policy of this board to create a tobacco free environment in the Jackson County School District. This includes all tobacco products and electronic cigarettes.

To accomplish this end, the following conditions shall be met:

1. The use or display of tobacco or electronic cigarettes in any form, including smokeless tobacco products, by employees and /or visitors shall be prohibited while such employees and/or visitors are on or in property, facilities, and vehicles owned by the district or under its control.
2. This prohibition includes any school function or extracurricular activity which is held on any school property, including outdoor athletic fields or recreational areas.

Penalties for violations of this board policy shall be the following:

1. Upon the first violation, the employee will be given a written reprimand stating the date and the place of the violation. This reprimand will be placed in the employee's personnel file.
2. The employee will receive a warning that further violations shall be considered an act of insubordination and will result in further consequences stated in items 2 and 3. The written reprimand will be removed from the employee's file if the employee remains free of tobacco incidences for a period of two years.
3. The second violation shall result in the employee's suspension without pay for ten working days. However, if the employee agrees to immediately enroll in an approved tobacco cessation program, this suspension will be reduced to five working days without pay.
4. A third violation shall result in the initiation of dismissal procedures, subject to appropriate procedural requirements.
5. Possession or use of tobacco by students, administration and staff is prohibited while on school property, at any school sponsored activity, or while under the supervision of the school personnel.

REFERENCE: Mississippi Adult Tobacco Use on Educational Property Act of 2000. (Section 97-32-25, 97-32-27, and 97-32-29).

Failure to maintain a Tobacco Free Environment will jeopardize the receipt of all federal funds.

GUM CHEWING

Teachers are not to chew gum while instructing students.

GRADING SYSTEM

The number of grades and grading policy must be followed according to the student handbook. Grades will be posted in a timely manner based on the grade level.

PROGRESS REPORTS

All students will receive progress reports at the end of each four and one-half weeks of the nine-week term.

REPORT CARDS

Grades will be posted according to the approved school calendar. Reports of pupils' accomplishments will be sent home to parents by pupils four times during the school year one week after each nine-week term ends. All students will receive their reports the same day.

Grades will be issued for academic work and citizenship. No student is to receive a report card unless he/she has been enrolled in the school for at least one-half the current term. When a student transfers from another school during the course of the nine weeks term, the grades the student had earned at the previous school until time of withdrawal should be included when computing that student's nine-week average.

If a student is financially indebted to the school for damage, misuse, or loss of school property, such as library fines, charges for lost or damaged textbooks, or disciplinary fines imposed for vandalism, the principal may hold all report cards until the debt is cleared.

Students withdrawing from school prior to the last day of the term will not receive a report card. A withdrawal form will be issued to those students with partial grades recorded by the teacher. There will be no exceptions.

CUMULATIVE AND PERMANENT RECORDS

The keeping of cumulative and permanent records is required by state law. The records are to be kept in black ink and are the responsibility of the person(s) designated by the building principal. The recording of grades on progress reports, grade sheets, and grade books is the responsibility of the teacher. Averages are to be reported no later than two weeks after the first semester and before the teacher checks out at the end of the school year.

NOTIFICATION OF RIGHTS UNDER THE FAMILY EDUCATION RIGHTS AND PRIVACY ACT (FERPA) FOR ELEMENTARY AND SECONDARY INSTITUTIONS

The Family Educational Right and Privacy Act (FERPA) afford parents and students over 18 years of age ("eligible students") certain rights with respect to the student's educational records. They are:

1. The right to inspect and review the student's educational records within 45 days of the day the district receives a request for access.

Parents or eligible students should submit to the school principal or appropriate school official, a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading.
Parents or eligible students may ask the Jackson County School District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member including health or medical staff and law enforcement unit personnel; a person serving on the School Board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request to officials of another school district in which a student seeks or intends to enroll, the district discloses educational records without consent.

The district discloses directory information regarding its students. Directory information means information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy if disclosed. It may include, the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended.

The parent or eligible student has the right to refuse to let the district designate any or all types of information about the student as directory information. The parent or eligible student must notify the principal (or designee) in writing within five (5) days of receipt of the Handbook and Code of Conduct for Students and Parents that he or she does not want any or all of those types of information about the student designated as directory information. Otherwise, consent is implied for the Jackson County School District to release directory information to others including military recruiters as outlined below.

In the event that the school district provides either post secondary educational institutions or perspective employers of secondary student's access to its school campuses, it must also provide military recruiters the same type of access. The school district must also provide, upon request of military recruiters, the names of students, their addresses, and telephone numbers unless the secondary school student or the parent has requested that the school not release this information without prior written parental consent.

The district may disclose directory information about former students without meeting these conditions.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Section 37-7-301(h) (1995)

SECTION I

automatically result in exclusion from school and school-related activities for the designated period of time.

An employee with a communicable disease should remain at home until the disease is no longer a threat to others. If any employee is absent more than five consecutive days due to illness, he/she shall submit a medical excuse from a medical doctor regarding the time missed from work.

SECTION II

Decisions regarding a person infected with a disease(s) shall be made on an individual basis with regard to the behavior, physical condition of the employee and the expected interactions with others in that setting.

If students may be excluded from such trips for not meeting the criteria established by the principal (or designee), parents shall be notified, in writing, of said criteria and shall sign a document verifying receipt of the notification from the school. Students should not be arbitrarily disallowed from participation in these trips.

FIRE DRILLS

Employees should refer to School Board Policy EBBC and supervisors for fire drill procedures.

SICK LEAVE POLICY

Employees should refer to School Board Policies GDRH, GDRHB, and CGPGB and supervisors for sick leave policies governing certified, non-certified, and administrative procedures. Sick leave is only to be used when an employee or a member of their immediately family is ill.

Pursuant to Section 37-7-307, Mississippi Code of 1972, as amended, all teachers (certified employees) shall be credited with sick leave allowance, with pay of seven (7) days for absences caused by illness or physical disability of the teacher during the first seven school months. After each of the following successive two months, the teacher shall be credited one (1) additional day of sick leave, cumulative to nine (9) days per school year.

All cumulative sick leave gained under previous policy by teachers shall be applied to the beginning of this policy.

Any unused portion of the nine (9) days sick leave or previously gained cumulative sick leave days shall be carried over to the next school year and credited to such teacher as sick leave if the teacher remains continuously employed in the school district.

For the first ten (10) days of absence of a teacher because of illness or physical disability in any school year, in excess of the sick leave allowance credited to such teacher, there shall be deducted from the pay of such certificated employee the amount of \$70.00. Thereafter, an amount equal to the annual salary divided by the number of days the person is to be on duty times the number of days absent will be deducted from his/her salary.

After being absent five (5) consecutive days, a teacher is required to submit a written statement to the school board for review. Also, the principal should notify HR to determine if the leave

qualifies as FMLA. An individual abusing this policy may have all cumulative and credited current leave canceled.

If a teacher is absent 1/2 day or less, 1/2 day of sick leave will be charged. A teacher absent more than 1/2 day will be charged one full day sick leave.

Teachers will be permitted to use two (2) days sick leave as personal leave. Such personal leave shall not be taken on the first day of the school term, the last day of the school term, on a day previous to a holiday, or a day after a holiday, except in accordance to HB 949. According to HB 949:

Personal leave may be taken on the first day of the school term, the last day of the school term, on a day previous to a holiday or a day after a holiday if, on the applicable day, an immediate family member of the employee is being deployed for military service.

- (i) Personal leave may be taken on a day previous to a holiday or a day after a holiday if an employee of a school district has either a minimum of ten (10) years' experience as an employee of that school district or a minimum of thirty (30) days of unused accumulated leave that has been earned while employed in that school district.
- (ii) Personal leave may be taken on the first day of the school term, the last day of the school term, on a day previous to a holiday or a day after a holiday if, on the applicable day, the employee has been summoned to appear for jury duty or as a witness in court.

Sick leave may also be used for serious illness or death of members of the immediate family: father, mother, spouse, brother, sister, child, father-in-law, mother-in-law, brother-in-law, sister-in-law, or foster parents and foster children, or employee's or spouse's grandparents.

PERSONAL AND VACATION LEAVE

All personal and vacation days must have prior administrative approval prior to taking leave.

WORKERS COMPENSATION

All employees of the Jackson County School District are protected under the Mississippi Workers Compensation Law (MWCL). The MWCL provides indemnity and medical payments for work related injuries. Indemnity payments cover your loss of wages if you are unable to work due to an injury and medical payments cover any/all medical expenses including mileage. Indemnity is paid at 66 2/3% of your average weekly earnings based on the previous 12 months from the date of injury. For more information concerning maximum indemnity rates, mileage rates, and fee schedules the Mississippi Workers Compensation Commission's website (www.mwcc.state.ms.us) is an excellent source of information.

All accidents should be reported to your immediate supervisor within 24 hours even if you do not seek treatment. Your supervisor will complete the required forms and submit them to the HR department to file with the district's carrier. Should you need further information about workers compensation please contact the Director of HR and Risk Management (228.826.1757).

FAMILY MEDICAL LEAVE ACT (FMLA)

The Family and Medical Leave Act (FMLA) provides an entitlement of up to 12 work-weeks of job-protected, unpaid leave during any 12-month period to eligible, covered employees for the following reasons: 1) birth and care of the eligible employee's child, or placement for adoption or foster care of a child with the employee; 2) care of an immediate family member (spouse, child, parent) who has a serious health condition; or 3) care of the employee's own serious health condition. It also requires that employee's group health benefits be maintained during the leave. The FMLA is administered by the Employment Standards Administration's Wage and Hour Division within the U.S. Department of Labor.

An eligible employee must have been employed with the District for a year and they must have worked 1,250 hours in the previous 12 months prior to the commencement of the beginning of FMLA leave. An eligible employee shall be entitled to a total of 12 work-weeks of family and medical leave during any 12-month period. The District uses a calendar year method to determine how much time an employee is entitled to under FMLA.

Military Family Leave:

- 1) **Military Caregiver Leave (also known as Covered Service-Member Leave):** Under the first of these new military family leave entitlements, eligible employees who are family members of covered service members will be able to take up to 26 work-weeks of leave in a “single 12-month period” to care for a covered service member with a serious illness or injury incurred in the line of duty on active duty. Based on recommendation of the President’s Commission on Care for America’s Returning Wounded Warriors, this 26 work-week entitlement is a special provision that extends FMLA job-protected leave beyond the normal 12 work-weeks of FMLA leave. This provision also extends FMLA protection to additional family members (i.e., next of kin) beyond those who may take FMLA leave for other qualifying reasons.
- 2) **Qualifying Exigency Leave:** The second new military leave entitlement helps families of members of the National Guard and Reserves manage their affairs while the member is on active duty in support of a contingency operation. This provision makes the normal 12 work-weeks of FMLA job protection leave available to eligible employees with a covered military exigency” arising out of the fact that covered military member is on active duty or called to active duty status in support of a contingency operation. The Department’s final rule defines qualifying exigency by referring to a number of broad categories for which employees can use FMLA leave: (1) Short-notice deployment; (2) Military events and related activities; (3) Childcare and school activities; (4) Financial and legal arrangements; (5) Counseling; (6) Rest and recuperation; (7) Post-deployment activities; and (8) Additional activities not encompassed in the other categories, but agreed to by the employer and employee.

Requests for leave should be make through Human Resources Department.

Paid leave runs concurrently with FMLA.

Advance Notice and Medical Certification: The employee may be required to provide advance leave notice and medical certification. Taking of leave may be denied if requirements are not met.

The employee ordinarily must provide 30 days advance notice when the leave is foreseeable

An employer may require medical certification to support a request for leave because of a serious health condition, and may require second or third options (at the employer’s expense) and a fitness for duty report to return to work.

Job Benefits and Protection:

For the duration of FMLA leave, the employer must maintain the employee’s health coverage under any group health plan.

Upon return from FMLA leave, most employees must be restored to their original or equivalent posts with equivalent pay, benefits, and other employment terms.

The use of FMLA leave cannot result in the loss of any employment benefit that accrues prior to the start of an employee’s leave.

Unlawful Acts by Employers: FMLA makes it unlawful for any employer to: interfere with, restrain, or deny the exercise of any right provided under FMLA discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

Enforcement:

The U.S. Department of Labor is authorized to investigate and resolve complaints of violations.

An eligible employee may bring a civil action against an employer for violations.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law or collective bargaining agreement, which provides greater family or medical leave rights.

For Additional Information: Contact the nearest office of the Wage and Hour Division, listed in most telephone directories under U.S. Government, Department of Labor.

NOTICE OF EMPLOYEES RIGHTS TO CONTINUE GROUP HEALTH COVERAGE

On April 7, 1986, a federal law was enacted (Public Law 99-272, Title X) requiring that more employers sponsoring group health plans offer employees and their families the opportunity for a temporary extension of health coverage (called continuation coverage) at group rates in certain instances where coverage under the plan would otherwise end.

This notice is intended to inform you, in a summary fashion, of your rights and obligations under the continuation coverage provisions of the law. (Both you and your spouse should take the time to read this notice carefully.)

If you are an employee of Jackson County School District covered by the Public School Employees Health Insurance Plan (PSEHIP), you have a right to choose this continuation coverage if you lose your group health coverage because of a reduction in your hours of employment or the termination of your employment (for reasons other than gross misconduct on your part).

If you choose continuation coverage, coverage is identical to the coverage provided under the plan to similarly situated employees or family members. The law requires that you be afforded the opportunity to maintain continuation coverage for three years. If you lose group health coverage because of a termination of employment or a reduction in hours, the required continuation coverage period is 18 months. These 18 months may be extended to 36 months if other events (such as death, divorce, legal separation, or Medicare entitlement) occur during that 18 month period. The only time that coverage is extended beyond 36 months is in the event of the death of an active employee with less than 25 years of service. Coverage for that event will be extended to 48 months.

The 18 months may be extended to 29 months if an individual is determined to be disabled (for Social Security disability purposes) and the Claims Administrator is notified of that determination within 60 days. The affected individual must also notify the Claims Administrator within 30 days of any final determination that the individual is no longer disabled. In no event (except death of an employee with less than 25 years of service) will continuation coverage last beyond 3 years from the date of the event that originally made a qualified beneficiary eligible to elect coverage.

However, the law provides that your continuation coverage may be terminated for any of the following five reasons:

1. Jackson County School District no longer provides group health coverage to any of its employees;
2. The premium for your continuation coverage is not paid on time;
3. You become covered by another group plan, unless the plan contains any exclusions or limitations with respect to any pre-existing condition you or your covered dependents may have;
4. You become entitled to Medicare; or
5. You extend coverage for up to 29 months due to your disability and there has been a final determination that you are no longer disabled.

You do not have to show that you are insurable to choose continuation coverage. However, under the law, you may have to pay all or part of the premium for your continuation coverage. There is a grace period of 30 days for payment of the regularly scheduled premium.

The law applies to the Public Employees Health Insurance Plan beginning on July 1, 1986. If you have any questions about the law, please contact:

Blue Cross & Blue Shield of Mississippi
 Claims Administrator
 P. O. Box 23071
 Jackson, MS 39225-3071

Also, if you have changed marital status or you or your spouse have changed addresses, please the Jackson County Schools Human Resources department, 826-1757.

BULLYING – EMPLOYEES AND STUDENTS

The Jackson County School District does not condone and will not tolerate bullying or harassing behavior. Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristics that (a) places a student or school employee in actual or reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student’s educational performance, opportunities or benefits. A “hostile environment” means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior. Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person’s presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The Jackson County School District will make every reasonable effort to ensure that no student or school employee is subjected to bullying and harassing behavior by other school employees or students. Likewise, the District will make every reasonable effort to ensure that no person engages in any act of reprisal or retaliation against a victim, witness or a person with reliable information about an act of bullying or harassing behavior. The District encourages anyone who has witnessed or has information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official.

The Jackson County School Board directs the superintendent or designee to design and implement procedures for reporting, investigating, and addressing bullying and harassing behaviors. The procedures should be appropriately placed in District personnel policy handbooks, school handbooks that include discipline policies and procedures, and any other policy or procedure that deals with student or employee behavior. The discipline policies and procedures must recognize the fundamental right of every student to take “reasonable actions”. Furthermore, the Jackson County School District defines “reasonable action” as promptly reporting the behavior to a teacher, principal, counselor, or other school employee when subjected to bullying or harassing behavior.
